Welcome Message

It is my great pleasure to announce that the 19th General ISOLS Meeting will be held in Kanazawa, Japan, in May 2017. Kanazawa is located in the central part of Japan. It is a leading tourist city, and is visited by 8 million people every year. Kanazawa is a splendid castle town, and was ruled by influential leaders from the 17th century to the second half of the 19th century. As Kanazawa has never been affected by war, nor suffered a big natural disaster, the city has maintained rows of historical houses and has various traditional handicrafts and performing arts for you to enjoy. Moreover, you can enjoy delicious seafood from the Sea of Japan and rice wines (sake) made from the finest sake-brewing rice combined with naturally clear stream waters.

Kanazawa has mild climate in May, so you will spend comfortable and refreshing time.

I sincerely hope many friends will attend 19th General ISOLS Meeting 2017 in Kanazawa, and enjoy scientific discussions and Japanese culture.

Prof. Hiroyuki Tsuchiya, M.D., Ph.D.

Congress Chairman of the 19th General ISOLS Meeting 2017
