

Faculty Position in Pediatric Oncology

We are pleased to announce an opening for a tenure track faculty position in pediatric oncology at the rank of Assistant Professor. This position is a joint recruiting effort between the Darby Children's Research Institute in the Department of Pediatrics, and the Hollings Cancer Center, at the Medical University of South Carolina in Charleston, South Carolina.

We are searching for a physician scientist committed to performing research in pediatric oncology with a 80% research, 20% clinical appointment. Areas of research interest within this discipline include tumor immunology, cancer genes and molecular regulation, genomics and epigenomics, cancer therapeutics, metabolism, and tumor microenvironment, but other areas will be considered.

Applicants must have an MD, DO, or MD/PhD degree with a record of research accomplishments and peer reviewed publications. Successful candidates will be expected to maintain a vigorous, nationally-recognized basic, translational, or clinical research effort. We will offer competitive start-up funding, well-designed laboratory space, and access to state-of-art core facilities.

The Medical University of South Carolina is strongly supported by an NCI designated Hollings Cancer Center, a top ranked Department of Pediatrics, and new MUSC Shawn Jenkins Children's Hospital, which together provide outstanding childhood cancer care. The Medical University of South Carolina is located in the charming city of Charleston, which maintains a unique blend of vibrant historical culture with a surging high-tech economy, and a balanced lifestyle that includes beautiful beaches and other outdoor activities. Charleston has been named the Top U.S. Small City for the tenth consecutive year by Conde Nast Traveler 2020 Readers' Choice Awards and is consistently given top honors as a most desirable place to live.

Interested candidates should send a copy of their curriculum vitae, cover letter, and a research statement as a single PDF document to Denis Guttridge, PhD at guttrid@musc.edu. The deadline to apply is December 15, 2021.

MUSC is an equal opportunity employer, promoting workplace diversity.
